## M Workstation Arm Single Extended

**Multibrackets M Workstation Extended Arm Single - Mounting kit for LCD displays and keyboards – white and silver - screen size: 15" - 27" – wall mounted**

The M Workstation Extended Arm is made of high grade aluminum and its Scandinavian design heritage can clearly be noticed. Made to free up space and allowing positioning of your display and keyboard for great productivity as well not being in the way when not needed. Tested to perform in tough environments and conditions the expected life-cycle is often much longer than of competitive brands. Now you can have a complete workstation at your fingertips and reposition it with just a touch. The M Workstations possibilities to move to a perfect position is simply unparalleled.

Reposition your LCD with ease. The ultra-flexible M Workstation Extended Arm Single frees up space and allows positioning of your display for greater productivity. Up, down, forward or back to the wall is now just a matter of choice.

Finally comfort and ergonomics and economy is possible to achieve. With M Workstation Extended Arm Single you can easily set the screen to your specific work position. By doing so you save back, neck and eyes. The M Deskmount Workstation Extended Arm Single is your new office partner giving greater flexibility. M Deskmount Workstation Extended Arm Single is well-functioning with almost all standard LCD monitors on the market supporting VESA standards of 75/100mm holding screen weight up to 8kg and keyboards up to 2,5kg. The keyboard tray can be folded up to reduce space when arm is back into wall position.

### Ergonomics

Using a wrongful work position for a longer time for example a computer screen that is not eye level, could cause both neck and eye strain. Long term it could cause serious back problems.

Our well designed, high performance wall-mounted Workstations mounts offers a wide range of features rarely seen at this competitive price level. The arm easily adjusts allowing you to work in a more comfortable, ergonomically correct working position, sitting down or standing up.

### Highlights

- The 1346mm long reach arm adjusts to support an ergonomically correct working position
- Gas spring hovering system lets you gracefully adjust your monitor and keyboards height and position
- High-grade aluminum arm features a stylish anti-scratch surface, arm rotating horizontally up to 180 Degrees in each direction (total 360 Degrees)
- Built in cable management system
- Surface materials chosen to be simple to keep clean
- VESA 75/ 100 fits many 15"-27" monitors
- The durable hardware supports wall installation
- Supports monitors weighing from 2-8 kg
- Supports keyboards weighing up to 2,5kg
